Trust LLumar® window film for your next project.

Wherever there is glass, there is an opportunity for LLumar to enhance aesthetics, energy efficiency, comfort, safety, and security. LLumar window films protect and improve homes, businesses and vehicles in nearly 100 countries. We work directly with architects, designers and customers to ensure our products directly answer market demands.

Eastman Chemical Company, the manufacturer of LLumar products, is one of the largest, most integrated film production companies in the world. Our films feature superior quality construction and are designed to last. We confidently stand behind every LLumar product with a factory-backed warranty.*

LLumar

Imagine the possibilities.
Inspiration comes in many forms. LLumar® iLLusions™ brings your vision to life.

Whether you’re creating a mood or addressing a functional concern, it’s sometimes hard to know when inspiration will strike. When it does, LLumar iLLusions decorative films are here for you, with a broad palette of styles that includes frosts, patterns, textures, gradients and specialties. They’ll bring your vision to life.

Able to brilliantly enhance existing properties or new projects, LLumar iLLusions is everything you need it to be. Durable yet also removable, it can be a lasting feature or temporary update. For a wide range of design and project goals, you’ll find it hard to resist experimenting with LLumar iLLusions. That’s because this line of over 50 styles of decorative film has been carefully curated to spark ideas and fuel imagination.

Realistic textures

This series of elegant films can refract light and simulate the sparkle and clarity of a textured glass window, without the designer glass cost.

Design ideas

- Inspire creativity in the workplace with decorative partition walls and stairways
- Add privacy, without eliminating light and views completely
- Boost interest in retail spaces by differentiating storefront glass

Graphic patterns

Our patterned film styles are available in designs ranging from playful dots to classic pinstripes. Match your décor and design aesthetic with varying levels of translucency, including opaque white patterns.

Design ideas

- Inspire creativity in the workplace with decorative partition walls and stairways
- Add privacy, without eliminating light and views completely
- Boost interest in retail spaces by differentiating storefront glass
Elegant frosts
The frost film series ensures privacy and diffuses light without compromising brightness, allowing it to deliver on design goals for a fraction of the cost of etched glass.

Design ideas
• Distinguish lobby entrances with logo and branding cutouts
• Conceal clutter in copy, storage and library areas
• Add privacy in bathrooms and private offices

Distinctive specialties
Mask light, add privacy or add a pop of color with this high-impact series including bold hues and opaque films. Enliven retail spaces and commercial properties with customized, unique combinations.

Design ideas
• Add a pop of color to lobby entrances
• Design vibrant partition walls and stairways
• Cover retail storefronts during renovation and construction projects

Dusted Crystal
Silver (RMS PS2)
Dusted Crystal Poly
Dusted Frost
Silver (RMS PS2)
Dusted Frost
Silver Sparkle
100% Whiteout
Modern gradients

A match for current design trends, each of the unique patterns in this series transitions from clear to opaque. Gradient films are a smart solution to partially block out views, selectively hide unattractive areas or add a fresh design element.

Design ideas

- Reduce the “fishbowl effect” in conference rooms
- Meet varying privacy needs in hotel spaces
- Maximize light flow through the top of glass walls

“Views and natural light enhance the quality of a workplace. However, they often conflict with program requirements for privacy. LLumar® iLLusions™ films enable designers to provide visual control where required and maximize access to daylight and views. The range of patterns and gradients available provide a broad range of aesthetic opportunities.”

-Bryan Sechrist
Architect | Christner, Inc.
