Product Description

Our Color Frost Series enlivens the timeless look of matte frosts with enriching color. This thoughtfully curated selection offers translucent and sandblasted effects in a range of neutrals that includes both warm and cool tones.

Each style creates ambience and privacy at a fraction of the cost of custom glass. Browse and imagine clear glass partitions, stairways, and even furniture as eye-catching design elements.

Benefits and selection criteria

- Charcoal shade in cool matte provides privacy
- Elegant translucency creates atmosphere
- Softly diffuses light
- Can be custom cut for a decorative or patterned appearance
- Helps shield harmful ultraviolet rays

Installation and Limited Warranty

LLumar iLLusions are professionally installed by a global network of LLumar dealers in accordance with factory procedures.

While installation is fast, with minimal disruption to tenants or contractors, the films are highly durable and backed by a manufacturer's limited warranty. Your dealer can provide you with technical information and warranty details.

Privacy Film Rating

This number, between 0 (clear) and 10 (opaque), represents the relative difficulty an observer has in identifying the nature and character of an object located on the opposite side of the glass pane, with the observer and the object both located at least 2 feet from the filmed pane. The number is intended to be a guide only.
